Aqua Creations was founded in 1994, by photographer Albi Serfaty and designer Ayala Serfaty, with the aim of developing and producing furnishing and lighting items through an artistic approach.

Aqua Creations has continued to expand its scope over the years, while maintaining its authenticity, glamour, and poetic appeal.

Today, Aqua Creations displays an extensive array of lighting and furniture lines, completed with limited edition custom designs, and an increasing business in the contract market. Aqua Creations specializes in custom design for contract projects including hotels, casinos and restaurants, as well as residential projects. Aqua Creations is headquartered in Tel Aviv where all the creative work, design research, and manufacturing are completed. In response to the growing demand for the designs, Aqua Creations has two additional flagship showrooms in New York and Shanghai, and the sought-after designs are displayed and distributed worldwide.

The monumental scale of lighting sculptures combined with the exquisite use of fabrics has become Aqua Creations' trademark over the years.

The collections are designed by Ayala Serfaty.

© All designs are copyrights of Aqua Creations Ltd.

# Technical Notes

Welcome to the Aqua Creations Digital Catalogue. In the making of our catalogue, we have aimed to make the search process as simple as possible. Please review the following information.

## Silk Collection - Product Information

All shades are made of hand woven, hand dyed, treated crushed silk; resistant to mold and heat, sculpted over a metal structure.

### *Silk Colors Available:*

Cream, Gold, Orange, Flame, Red, Grass, Sky, Smoke, and Dark.

Please allow for slight natural color variations in the hand-dyed silk.

Colors will vary with illumination. Photographs are intended only representations of the actual piece. We have made every effort to display as accurately as possible the colors of our products that appear in the catalogue. However, as the actual colors you see will depend on your monitor, we cannot guarantee that your monitor's display of any color will be accurate. Fabric samples will be sent upon request.

It is important to use the recommended bulbs of the same color value.

As the color of the silk is influenced greatly by illumination and bulb color value, a warm white bulb is recommended for all colors except Grass, Sky, and Smoke, which require cool white bulbs.

Special commercial grade resin coating is available as an option, highly recommended for pieces intended for public installations or areas of high humidity or smoke.

### *Changing the bulbs can produce different effects:*

Warm white bulbs produce a more organic glow, whereas cool white bulbs a more contemporary spartan appeal.

Aqua Creations uses Compact Fluorescent bulbs in most of its designs.

An electronic dimming technology was installed into part of the designs, and this technology is optional for some of Aqua Creations' products only for a certain voltage (either 110V or 220V).

For some of the selected models, we have developed a remote control which activates the electronic ballast with radio waves.

We recommend clarifying at the time of purchase which system is applicable to your product of choice.

Measurements are approximate and provided in centimeters and inches.

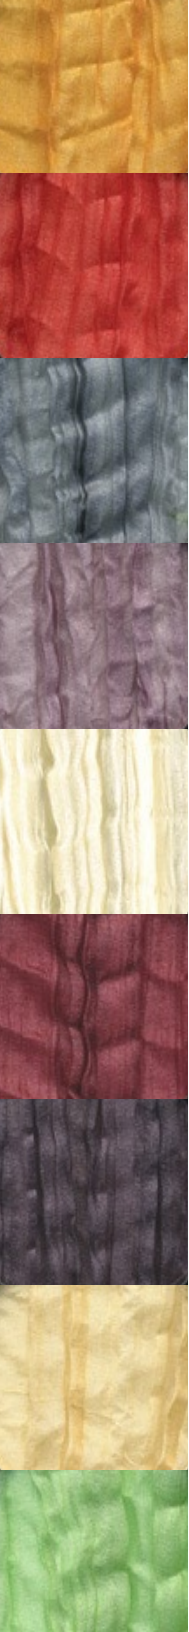

Each piece is signed and numbered.

For technical assistance and instructions, please contact: [tech@aquagallery.com](mailto:tech@aquagallery.com)

Bubbles

# SATALA

Hammock

The Satala is a steel/bronze finished metal furniture sculpture, taking form as a hammock. A rubber protective ball is at the end of the single foot, and a mounting bracket is provided for Pendant from a sustainable wall.

The Satala has a removable down-filled cushion and a removable cushion cover. It is suitable for outdoor use with proper cushion cover and optional Optimo fill, under a covered location.

Options available:

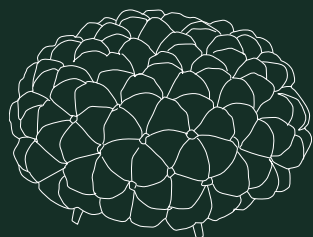

COM 6 yards, with no repeat

Multiple fabrics offered, variable pricing: Canvas, Velvet, Leather and Suede, Ultra Suede™, Synthetic leather for outdoor use, Optimo fill for outdoor use

Wooden Crating for shipping.

# ANANA POOF

Poof

40 cm - 16"

85 cm - 33"

The Anana is a poof created from a remarkably solid metal cushioned frame, overlaid with down filled, fabric covered pods, all made by hand and sculpted over the frame. Hours of hand crafting the pods produce a very organic form, at the same time both remarkably sturdy and sensually free-form. The pods are inter-tufted with bronze finished brass buttons and the poof sits on bronze finished brass legs.

## Options available:

Custom sizing and shapes available

Can be upholstered in a single color or multiple composition of 8 colors

Multiple fabrics offered, variable pricing: Velvet, Ultra Suede™, Microfiber.

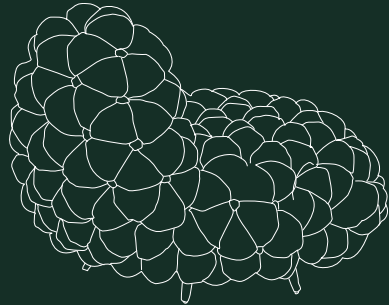

# ANANA

Chair

88 cm - 34"

40 cm - 16"

The Anana is a chair created from a remarkably solid metal cushioned frame, overlaid with down filled, fabric covered pods, all made by hand and sculpted over the frame. Hours of hand crafting the pods produce a very organic form, at the same time both ergonomically correct and sensually free-form. The pods are inter-tufted with bronze finished brass buttons and the chair sits on bronze finished brass legs.

**Options available:**

Custom sizing and shapes available

Can be upholstered in a single color or multiple composition of 8 colors

Multiple fabrics offered, variable pricing: Velvet, Ultra Suede™, Microfiber.

# ANANA BENCH

Bench

The Anana is a bench created from a remarkably solid metal cushioned frame, overlaid with down filled, fabric covered pods, all made by hand and sculpted over the frame. Hours of hand crafting the pods produce a very organic form, at the same time both remarkably sturdy and sensually free-form. The pods are inter-tufted with bronze finished brass buttons and the bench sits on bronze finished brass legs.

## Options available:

Custom sizing and shapes available

Multiple fabrics offered, variable pricing: Velvet, Ultra Suede™, Microfiber.

# BUBBLES

Stool

48 cm - 19"

The Bubbles stool is created from a remarkably solid metal cushioned tripod frame, overlaid with down filled, fabric covered pods, all made by hand and sculpted over the frame. Hours of hand crafting the pods produce a very organic form, at the same time both remarkably sturdy and sensually free-form. This beautiful sculptural piece takes form in a small size with a monumental impression.

Upholstry - Silver Lycra
